# Thursday March 19th, 2020

You will be working in your Math book. I have videos assigned online for you to view.

Access through Pearson website:

- ☐ Click [www.pearsonrealize.com](http://www.pearsonrealize.com)
- ☐ Put in username and password

I will be posting all usernames and passwords to Bloomz. I had to change some of the usernames, so please check to make sure you have the correct username.

## Math to do:

- ☐ Watch the videos that are assigned on the website to review Topic 12.

This is a review of line plots.

- ☐ Complete Reteach page 725 in your Math book.

# Science

## *Directions to access Foss Web:*

[www.fossweb.com](http://www.fossweb.com)

I have created a login and password for all 5th grade students:

Login: sciencehcs5

Password: sciencedanielle

**NOTE:** Everyone in 5<sup>th</sup> grade will use the same username and password.

Once you are on Fossweb:

- ☐ click on the book titled, “Mixtures and Solutions”
- ☐ Click “ Interactive student ebook”
- ☐ Read pages 3-6. Answer the following questions on notebook paper:
  - \*What is a mixture?
  - \*What properties do all solids share?
  - \*What is a solution? Give an example.

**Have a Terrific Thursday!**
